

**What?** Collaboration between CHDI, HDSA, and Harvard Brain Tissue Resource Center (HBTRC; a NIH NeuroBioBank tissue repository) to encourage brain and other tissue donations to foster cutting-edge HD drug discovery research

**Who?** HD gene-expansion carriers, at-risk individuals, and healthy controls residing in the United States

**How?** Donors register by visiting the HBTRC website ([www.mcleanhospital.org/brain-bank](http://www.mcleanhospital.org/brain-bank)) or visit HDTrialfinder.org

**Tissues?** Brain, muscle, and adipose tissue

**Cost?** Zero

**How can HSG PIs help?** Make your families aware of HD Legacy; help increase infrastructure for brain donation collection

*For more details: Speak with Kay Sullivan at the [HD Legacy](#) table*
